Coronavirus Covid-19 / Update from Stuttgart State Academy of Art and Design, Germany

Dear incoming students,

I am sorry to inform you that the Baden-Württemberg Ministry of Science, Research and the Arts (MWK) has postponed the official start of the lecture period to 20 April 2020. The temporary suspension of all academic events is an important contribution to the prevention of infection risks.

In concrete terms, this means that all face-to-face teaching will be cancelled until 19 April 2020. If possible, however, projects shall be assigned in writing so that the first two weeks of the semester can be used for preparatory research, literature studies and conceptual work. Accordingly, the use of online learning tools and one-on-one or small group meetings via cloudTalk, FaceTime, Skype, etc. are encouraged.

For further information please contact your future tutor/professor. The corresponding contact details were included in our confirmation e-mail sent to you in autumn 2019.

Incoming students who have already arrived in Stuttgart can also contact the tutoring team of the International Office. Mizi Lee and Lisa Dautel will organise some events for you before the start of the lectures.

miji.lee@stud.abk-stuttgart.de
lisa.dautel@stud.abk-stuttgart.de

Dear students, we regret these restrictions and thank you for your flexibility and cooperation. Of course, we will keep you posted on any further developments. For the latest situation updates, please visit our website http://www.abk-stuttgart.de/coronavirus/information-zum-coronavirus.html.

Best regards,
Prof. Dr. Barbara Bader
